Female Officer Blue Uniform,  
note rows of 4 ribbons.

**Wear of Service Ribbons** — Ribbons may be worn on service dress and blue shirt. Ribbons are normally worn in rows of three with the bottom bar centered and resting on the top edge of the pocket. Ribbons may be worn four-in-a-row with the left edge of the ribbons aligned with the left edge of the pocket to keep the lapel from covering ribbons. There is no space between rows of ribbons. Current regulations stipulate that members may wear all or no ribbons and devices. USAF personnel do not have the option to choose which ribbons to wear.
